Farming is all about change. And so are we.

There are a lot of moving parts that affect your livelihood – the seasons and weather, commodity prices, currency exchange rates, and the economy. They’re all constantly changing.

That’s why Canadian farmers are pros at adapting fast. And because your needs change, we change too so we can offer you that latest in services and innovation to help make your life a little easier.

In addition to our tried and true on-the-farm auctions, we now offer more ways to buy and sell with weekly online auctions and our 24/7 online marketplace. Our mobile app is more popular than ever, allowing farmers to buy and sell on the go, whether they’re out in the fields or just out for dinner. We’ve also recently expanded our line of trucks and equipment trailers designed to support off-site and on-the-farm auctions – ultimately bringing the full scope of our auction services to your location.

But no matter how much things change, you can rest assured that one thing always stays the same – Ritchie Bros.’ commitment to conducting fair, honest, professional unreserved auctions with no games. Canadian farmers know they can count on us when they need to buy or sell farming equipment, livestock and real estate.

You can also count on working with experienced people who know the farming and equipment market, with the full support of our professional marketing, internet and customer service teams working for you behind the scenes. We do whatever it takes to make your auction a success and get you the best returns possible when you sell, or help you get the equipment and land you need to grow your farm operations.

We hope you enjoy our Summer 2019 Auction Guide, featuring 47 on-the-farm auctions, 20 real estate packages, and our regular equipment auctions at our permanent auction sites. We’d like to thank you for your continued support, and look forward to seeing you at one of our upcoming auctions.

Stay safe this #plant19 season!

Ritchie Bros. is known across western Canada for our on-the-farm and regular agriculture-focused auctions at our permanent sites. But the history behind our journey into the farming industry and community might not be so well known. Like many homegrown businesses, it started out of necessity - and in a furniture store of all places.

In the late 1940s, Rae George Ritchie moved his small stamp and coin business into the storefront of the OK Used Furniture Store on Bernard Avenue in Kelowna, BC, near the Paramount Theatre. In 1949 Rae George took over the furniture store, which is where he taught his boys Ken, John and Dave about the trading business—and the value of a good deal. In 1955, the year Dave Ritchie finished high school, the brothers formed a partnership to buy the OK Used Furniture Store from their father.

In 1958, the three Ritchie brothers held their first unreserved public auction at the Scout Hall in Kelowna, selling $2,000 of furniture to pay a bank debt. The auction was a huge success, raising enough to cover costs and pay off the debt, so the brothers decided to keep the auction business going. They incorporated Ritchie Bros. Auction Galleries Ltd. in 1958 to “carry on the selling of used household furniture and goods, and light industrial equipment.”

Equipment replaces furniture.

The Ritchie brothers held their first unreserved public auction at the Scout Hall in Kelowna, selling $2,000 of furniture to pay a bank debt. The auction was a huge success, raising enough to cover costs and pay off the debt, so the brothers decided to keep the auction business going. They incorporated Ritchie Bros. Auction Galleries Ltd. in 1958 to “carry on the selling of used household furniture and goods, and light industrial equipment.”

In 1958, the three Ritchie brothers held their first major unreserved industrial auction in Western Canada. Ritchie Bros. held its first $1 million auction in 1968, in Edmonton, Alberta. While the auctions were still very much heavy equipment and trucks, the company kept refining their auction style and focusing on doing what was right for the customer. It was a business acumen and reputation that would translate well into any industry – auctions that were fair, honest, transparent, and strictly unreserved.

From the mid-70s to the mid-80s, Ritchie Bros. continued to expand, holding auctions across Canada and the USA that attracted growing numbers of international and end-user buyers. The Ritchie Bros. name had become synonymous with professionalism: equipment lined up in neat rows, clean facilities, no buy backs... and a huge crowd of buyers.

Much of Ritchie Bros.’ success was due to Dave Ritchie’s vision: a future where Ritchie Bros. could “conduct auctions in Vancouver and have customers from all over the world bid.”

The move into farm auctions.

Fast forward to the early 2000s, and seeing many customers from the farming community attending regular auctions, Dave Ritchie and the company leadership realized the time was right to fully embrace the all-important Canadian agriculture industry, and provide a valuable service to Canadian farmers. In 2002, Ritchie Bros. acquired All Peace Auctions, a northern Alberta-based auction company that specialized in the sale of industrial and farm equipment. The acquisition included a permanent auction site in Grande Prairie, Alberta.

In 2004, Ritchie Bros. acquired LeBlanc Auction Service Ltd., an auction company based in Estevan, Saskatchewan. The acquisition helped Ritchie Bros. establish a greater presence in Western Canada’s significant farmland and equipment auction market.

The farm auction business increased rapidly, as farmers in turn embraced the company’s reputation for honesty and integrity in everything they did. In 2006 Ritchie Bros. acquired Clarke Auctioneers, based in Saskatchewan. In addition to 177 industrial auctions, Ritchie Bros. conducted 144 agricultural auctions in 2007!

In 2016, Kramer Auctions in North Battleford, SK joined the Ritchie Bros. family, adding another dimension to the company’s ag auction business with livestock (Bison) auctions.

As farming changes, so does Ritchie Bros. We’re here to serve the ag industry and farming community, and as farmers’ needs change, we adapt with new services and innovation to best meet those needs. But one thing will always stay the same – our commitment to honesty and integrity in everything we do.

Gary Lacasse began farming in Saskatchewan in the mid-1960s. After trying to strike it rich raising cattle, he went back to the pipeline industry where he started, finding success on both sides of the Canada-USA border.

"I bought my first piece of equipment from Ritchie Bros. back in 1977," said Gary. "Dave Ritchie took my bid and we've been friends ever since."

Gary bought and sold pipeline equipment through Ritchie Bros. many times over the years, culminating in a big sale in Utah in 2004. All the while Gary continued his passion of farming.

"I've tried a bit of everything, but most recently I've been growing grain," said Gary. "Unfortunately, there is a real labour problem for the agricultural industry, so I think it's time for me to retire from farming."

Choosing Ritchie Bros. to sell my equipment was a simple, natural decision for me—they've served me so well over the years and they get strong prices."

More than 85 pieces of equipment will be sold in Gary's auction in Mossbank, SK on June 18, including a 2009 John Deere 9770STS combine, two Caterpillar 85D track tractors, and a 2014 Doepker 45-foot tridem grain trailer. All items in the auction will be sold without minimum bids or reserve prices.

"I've always taken great care of my equipment," said Gary. "Most of it was kept inside whenever it was not being used, including during the summer months. You get out of equipment what you put into it, so I made sure to do regular oil changes and fix any dents, scratches, or whatever else needed to be done."

Brian Dyck, Edmonton, AB
Joined Ritchie Bros. in March 2019

Brian Dyck joined Ritchie Bros. in March 2019 and has quickly become a very important and respected member of the team.

Born and raised in Edmonton, AB, Brian came to Ritchie Bros. with an extensive background in equipment, working in the dealership sector for more than 25 years.

"Ritchie Bros. is a very demanding and rewarding company to work for," said Brian. "I went on my first Ag run this April. The on-the-farm auctions are an extremely special part of our business, meeting with customers at their homes to selling their life's work all in one day. These are down-to-earth people and so appreciative of the work we do to help set them up for retirement."

Brian has known of and been a big fan of Ritchie Bros. for years—as a customer and even an investor. He decided to join Ritchie Bros. so he could get closer to the customers and was excited to serve as a mentor to a team of skilled salespeople.

"The best part of Ritchie Bros. is the people, hands down," said Brian. "I lead a team of three Territory Managers and have enjoyed earning their trust and support and mentoring them. I'm very excited about my future with Ritchie Bros. and the opportunity to meet many of our great customers across Western Canada and around the world."

Mike and Helen Faulkner, farming and ranching their whole lives—on a fourth-generation farm in Gooding, Idaho. Seeing an opportunity in the market in 1992 the couple started a harvest chopping business that quickly grew to become one of the largest in the area. In 2019, after 26 years in the business, Mike and Helen decided to slow down so they could travel more. And, after years of buying with Ritchie Bros., approached the company with the opportunity to sell their 60-piece fleet.

“We knew Ritchie Bros. could market our equipment to the world, which was important because our local market isn’t very strong right now,” said Michael Faulkner. “We still run sheep and cattle on our farm so didn’t want a whole bunch of people on our property for a live auction so decided to sell through Ritchie Bros.’ weekly featured IronPlanet auction.”

The Faulkner’s equipment, which featured a mix of farm equipment and trucks, was listed and sold in the March 2019 IronPlanet auction. “We were impressed with the professionalism of all the people we worked with at Ritchie Bros,” said Helen Faulkner. “They invested a lot of time in getting our inventory ready for auction day. Our salesman, Abe Roessler was especially great to work with—he was knowledgeable, pleasant, and quick to follow-up on any items needing attention.”

Sales highlights in the auction included a 2013 Claas Jaguar 980 self-propelled forage harvester for US$90,000; a 2016 Ovbo 334 triple-merger rake for US$85,000; a 2014 New Holland T7.260 4WD tractor sold for US$73,000; and a 2016 John Deere W235 swather/ windrower sold for US$72,000.

“We were impressed with the number of views and bidders the auction attracted,” said Mike. “And very pleased with the results, which ended up $70,000 over our target amount! Overall, we couldn’t have asked for a better experience.”

Moving forward

April 6, 2018 will never be far from our thoughts - and in the wake of the Humboldt bus crash, people, communities and organizations pulled together and did what they could to overcome this event.

The province of Saskatchewan has always been known for its community and volunteer involvement, but it was never more apparent in the days following this tragic event.

On April 6, 2019 our team was scheduled to conduct the West Central Consignment Auction in Eatonia, SK. With the date heavy on the minds of our staff and customers alike, there was a moment of silence to honour the lives lost and those who will be forever affected.

We were honored to host Jason St. Pierre and his Humboldt Broncos tribute bike: a customized Suzuki M109 which was on display throughout the day at sale for all of the customers to view. Upon conclusion of the moment of silence, Jason proudly started and drove his bike through the auction theatre, setting the tone for a great sale while paying tribute to the players, coaches, staff and personnel lost and affected on that tragic day.

And there is more to be done: On June 13 at the Saskatoon Auction Site we will be helping out the Broncos Organization:

The Humboldt Broncos are auctioning their third jersey from the 2018-2019 hockey season. The jersey design was led by Ryan Gobeil, a member of the business staff of the Swift Current Broncos. Ryan’s brother, Morgan, was one of 29 people involved in the April 6, 2018 Humboldt Broncos bus accident. All Broncos’ jerseys with 2018-19 players’ names and numbers are authentic, game worn jerseys.

Also being auctioned are Winnipeg Jets and Chicago Blackhawks jerseys. These jerseys were game worn during the April 7, 2018 NHL hockey game played in Winnipeg. Each of the jerseys are signed by the players who wore them and have authenticity patches stitched inside.

Following the auction, the Broncos organization will be making donations to the Royal University Hospital Trauma Unit and the Saskatoon City Hospital Rehabilitation Unit through their respective hospital foundations.

The Broncos want to thank you in advance for your support of our online auction.

We thank everyone in advance of this worth-while charity auction and to get more details please visit rbauction.com/Saskatoon

Growing up in Saskatchewan, Scott has been around farms and auctions most of his life. He attended the Western College of Auctioneering in 1984 and right after graduation joined Gordy’s Auction House in Glaslyn, SK, selling everything from lumber and tools to giftware and groceries.

After a short time with Gordy’s, Scott joined Kramer Auctions.

“You’d think farm auctions is all about the equipment, but it’s really all about the people,” said Scott. “I just love meeting and talking to new people every day… whether it’s the buyers, the sellers or just some neighbour coming to offer his/her support, I always learn something new every auction.”

Scott had been with Kramer since the mid-1980s and joined Ritchie Bros. when Kramer was acquired in 2016.

“The auction business has certainly changed over the years, which keeps it interesting,” said Scott. “The rise of the internet and online bidding is certainly the biggest advancement. It’s so great that we can offer a local farmer the ability to sell his equipment to a buyer anywhere in the world. His target price is limited if we only sell to his small group of neighbours, but with our extensive marketing and online bidding, the buyer for his tractor could be down the road or across the world— whoever is willing to bid the highest on auction day will get it. It’s that simple.”

Kevin Ort, Grenfell, SK
Joined Ritchie Bros in 2014

Kevin Ort grew up on a small-scale grain farm near Grenfell, SK, doing what most kids on the farm did: rock picking, shoveling grain out of wooden grain bins, and filling the seed drill with five gallon pails, until his father purchased a drill fill.

“Sadly, Dad didn’t buy a rock-picker until I moved away,” said Kevin with a chuckle.

When he was old enough he also helped his dad at the E&O Gravel & Redi Mix business.

At the age of 19, Kevin left his small town and moved to Regina where he worked in the food industry and started a family. While in Regina, he still maintained an interest in heavy equipment and attending many Ritchie Bros. auctions.

In 1997, Kevin and his wife decided to move their two daughters back to Grenfell and continued in the food industry until 2014, when he joined the Ritchie Bros. team.

“I always thought Ritchie Bros. would be a great fit for me,” said Kevin. “To be successful in the auction/sales business, you have to be wired with high horsepower. I’m a pretty high-intensity guy, so it’s been a great fit, for sure.”

Kevin’s customers agree, as he receives many glowing testimonials.

“Kevin helped us every step of the way,” said Randy & Colleen Foss who had their auction in April 2019. “If he wasn’t phoning us, he was stopping in to see how things were going and asking if we needed a hand. Kevin put the stress of having a sale on his shoulder and made it so much easier for us. We have a friend for life!”
